

Guyana Mission Trip, 7 Miles Kumaka Kubanna Road, Morucka Region 1
Interior Regions of The Country
Sunday Night, February 19, 2006

Pastor Tony:

There was a modest turnout tonight as many thought we didn't come, since we came by a different route. However, there was no lack. We sensed the Presence of The Lord from the moment we got out of the boat and stepped onto the ground. As we sat having a piece of bread and tea before the meeting, His Presence increased. I began to feel His heart of love for the people. Worship was great. You can tell something is up when all the children are into the worship. They weren't just mouthing words, but were after God!

Gave a short word to begin to get them excited for what they can have in The Lord. When it looked like the faith level was soaring, we released some words of knowledge. Many responded and we began with a demonstration. It is amazing how many people will not respond to a general call for salvation but will come with the request when face to face in front of you. This place is no exception.

We picked out a lady who had daily pain in her back for years. In a moment she saw what Jesus had accomplished for her. As she shared her testimony, the atmosphere grew even more charged. I prayed for a lady who couldn't see well and had continual burning in her left eye that was instantly healed. When I explained the benefit of her giving testimony, she gladly did. Everyone I prayed for was totally restored. We are off to a marvelous start, thank you Lord!

Casey:

Wow what an awesome trip from the word go. I know God has something great in stored for us here in the jungle. The people here are so hungry that they will walk and take boats from miles away just to get here. We are seven miles deep into the jungle and I must say that it is real cool. It feels like I have been here before in my dreams. Strange, even the ride in I have seen in my dreams and this creek we were on, it looked like we were the first ones ever to venture in here. WOW WOW WOW it was awesome.

The service tonight was real good and the Holy Spirit showed up in worship real strong. I blew it though I didn't bring any flags and Sherwin didn't walk with any either, bummer. So we danced instead and still enjoyed the joy of the Holy Spirit. They had a bunch of girls singing and one keyboard running off a 12 volt battery.

After worship Tony gave a good word and we started to pray for the people. The first lady I prayed for had back pain for a long time and they all knew her and that she was in pain. We used her as an example of what God wanted to do for everyone tonight. So with all eyes on her I prayed and God showed up in power and removed her pain. She started to twist and bend; it was a great start for the rest of the service. I prayed for two more ladies with back pain and they too were healed. I also prayed for an older lady that was

having problems with her eyes. She called it sticking? It didn't matter what she thought she had because it was going to go in Jesus Name and it did. She had no more pain in her eyes, thank you Jesus.

When the service was over we set up camp inside the church. I am sure glad that I brought a hammock, the floor looks real hard. The building is not much more than a building for shade. It has a tin roof, wood floor and walls, and no windows so the bugs are welcome to enter at all times. The best part of this day was our shower LOL I will not go into details. I think everyone would think we were twisted. Be blessed. ><>

Harvey:

Last night was another gooooooooooooo time in the Lord! Worship was really cranking. Everyone was into worship and of course the Holy Spirit was there. It is so much fun when God shows up. After worship Pastor Tony gave a message and then we began praying for people and watched all get healed. I prayed for a woman that had a headache which left right away. After that I began video taping the testimonies. It seemed like all getting healed rapidly. Till Later.

Sherwin:

Last night was so dynamic to see the Amerindian's worship the Lord in beauty and holiness. As I felt the anointing of God all over this Church! We continued to worship God, Pastor Tony teaches about how The Holy Spirit would heal the sick. Then he called forth for word of knowledge. As we came forward, there was a lady troubled with pain in her back and tummy. I invited Holy Spirit to come with His love. As I laid my hands upon her, cursed the spirit of back pain and commanded it to go in Jesus Name. I started to bless her, command the foul spirit in her tummy to loose, in Jesus Name. She was totally healed. I told her to give God praise for her healing. Then she came forward to openly thank God for healing her. The pain, which she struggled with for 8 months, was 100% gone. Amen! I give God all the praise and glory for what He had done for her.

There was a second lady that came for prayer for migraine. As I welcomed Holy Spirit to come with His love, I asked her if I could lay my hands upon her. She told me yes. I spoke to the false spirit to loose her, in Jesus Name. She received total healing for the migraines! I just give God all the praise, honor and glory! That was good! That's it for now, today.

Pastor Randy,

The Amerindian natives are both beautiful and very friendly. As I remember from Guatemala, I am very drawn to the children. The boys smile a lot, and the girls giggle. It appeared that everyone who was prayed for at the meeting got healed. I had the opportunity to pray for a young girl who had a lump on the side of her throat. She said she felt it loosen, and then it was gone. Along with Wes, we prayed for a little girl who had a painful left knee. When I laid my hand on it, I could feel it grinding, as if it didn't

have anything keeping the bones from rubbing together. She didn't communicate to me how she was, but I asked her grandmother to bring her back tomorrow. I want to see Jesus make her whole.

Wes:

More excitement in 2 days than in the other 3 mission trips combined that I have been on. It is so cool seeing the HOLY SPIRIT move when HE is not put in a box. It seems as if I am crying all the time. The presence of GOD is so real, so powerful, so loving, and so gentle. The service last night was awesome. The children started worship before the service began and it set the stage for the rest of the evening. We probably had 20 to 25 people come forward for prayer after a couple words of knowledge. It seems as if everyone we prayed for received healing. I was praying for an older woman who had pain in her lower back and cramping in her feet. First round of prayer the pain left her back. Prayed again and the cramps left her legs and went into her hands and feet, prayed third time against a spirit of infirmity because of the pain and cramps moving around and everything went to her feet . On round four she was healed. Thank you, JESUS.

Many other healings took place within the team, including one little girl having her deaf ears opened. Pastor Tony has not only teaching and preaching for these people, BUT has been bringing encouragement and confidence in my walk with the Lord.

Pastor Rakesh:

I give God all the glory for the great things He has done !! I am so excited! Last night the service was so anointed that after Pastor Tony preached the word which was so specific and direct told the people how God has not forgotten them. The Holy Spirit started to move he invited people to the altar through word of knowledge saying there are person here with pain in their back and people start to come out for healing like I have never seen before and to God be the glory each person was healed who testify of it.

I remember I pray for a little child who was deaf in both of her ears and she was totally and instantly heal, also an old woman was totally heal from severe pain in her back. to God be the glory also I led one woman to the Lord who give her heart to the Lord. Thank God!!

This morning again people responded to the word pastor Tony teach and every person was heal including the pastor of this church (Joseph Henry) I spoke to a teenager girl through word of knowledge and she start to cry and fell under the power of the Holy Spirit and another girl got felled with the Holy Spirit. Praise the Lord!!!

Igor:

Well where do I begin, on the way to interior I got bit by a bee that was something I did not expect, so I was pretty tired when I got off the boat. We started to hike and about half way they were going to have the water later. I love water so I carried it with me. It was really hard but when I got there I was glad I did.

We hiked for about a mile or more, when I got to church I felt very strong again when I started to pray for a lady and she was healed of all her pain. I quickly remembered my last trip to Guyana. Well I love you guys.

Pastor Anil:

Greetings to you in the wonderful name of our Lord and Savior Jesus Christ.

In the first night of meetings the power of God moved so tremendous in the praise and worship session and after then Pastor Tony was introduced to minister the word of God. And God began to move even as His word went forth. The people had begun to be receptive more to the word and they began to release themselves into the presence of God and then he made an altar call flowing in the word of knowledge. A lot of people came forward to be healed of various sicknesses so as I began to pray for one female both of her knees and her back was in severe pain for nine months and the power of God came all over her and she was healed of all her pains. Another woman came with severe burning in her hip and as I began to pray for her the power of God just touched her and healed her. Praise be to the Lord for the great things He has done.

Wes:

We had people start showing up this morning at around 8 A.M. The SPIRIT began to move even before things got started. During the prayer time I prayed for an elderly lady who had pain in her shoulder, elbows and hands and fingers. The HOLY SPIRIT showed me her arthritis and I told me what I was shown and prayed for her. As I finished praying for her she told me the pain was completely gone and started flexing her fingers and stomping around. I said praise the LORD and that was exactly what she started doing, jumping and shouting. There were a lot of things going on all over the church at that same time as a wave of the HOLY SPIRIT was working. Praise the LORD.
